

Scholarship Options for Ohio Students

Choosing the right school is one of a parent's most important jobs. There is no single type of school that works best for all children. Because every child learns differently, the Ohio Department of Education awards scholarships to families who want their child to attend a private school.

The **Educational Choice (EdChoice) Scholarship Program** offers students in grades K – 12 the chance to attend private school for little or no cost. Students from lower-rated (designated) public schools qualify for these scholarships.

The **EdChoice Expansion Program** is an income-based program. It offers private school scholarships to students in Kindergarten through grade 5 whose families have a lower income.

The EdChoice scholarship amount is \$4650 for grades K – 8 and \$6000 for grades 9 -12.

Please go to our website to see if your child qualifies for a scholarship and to look for private schools near you that accept the scholarships.

Parents can start applying for either program at an EdChoice private school in **February**.

The application deadline is **April 30**.
